

# DATA SHARING POLICY

Pakistan Journal of Neurological Sciences **ENCOURAGES** authors to **share and make data** (including, but not limited to: raw data, processed data, software, algorithms, protocols, methods & materials) **open** where this does not violate protection of human subjects or other valid subject privacy concerns. Authors are further encouraged to cite data and provide a data availability statement. Authors can choose appropriate statement regarding availability of the data, from the templates given below.

Availability of data	Template for data availability statement
Data openly available in a public repository that issues datasets with DOIs	The data that support the findings of this study are openly available in [repository name e.g “figshare”] at <a href="http://doi.org/[doi]">http://doi.org/[doi]</a> , reference number [reference number].
Data openly available in a public repository that does not issue DOIs	The data that support the findings of this study are openly available in [repository name] at [URL], reference number [reference number].
Data derived from public domain resources	The data that support the findings of this study are available in [repository name] at [URL/DOI], reference number [reference number]. These data were derived from the following resources available in the public domain: [list resources and URLs]
Embargo on data due to commercial restrictions	The data that support the findings will be available in [repository name] at [URL / DOI link] following an embargo from the date of publication to allow for commercialization of research findings.
Data available on request due to privacy/ethical restrictions	The data that support the findings of this study are available on request from the corresponding author. The data are not publicly available due to privacy or ethical restrictions.
Data subject to third party restrictions	The data that support the findings of this study are available from [third party]. Restrictions apply to the availability of these data, which were used under license for this study. Data are available [from the authors / at URL] with the permission of [third party].
Data available on request from the authors	The data that support the findings of this study are available from the corresponding author upon reasonable request.
Data sharing not applicable – no new data generated	Data sharing is not applicable to this article as no new data were created or analyzed in this study.
Author elects to not share data	Research data are not shared.

Data available in article  
supplementary material

The data that supports the findings of this study are  
available in the supplementary material of this article

Data sharing not applicable –

no new data generated, or the  
article describes entirely  
theoretical research

Data sharing not applicable to this article as no datasets  
were generated or analyzed during the current study
